Description

The Remo Rhythm Lid RP-0013-71-CST is designed to fit most US made pails or buckets. The Rhythm Lid pre-tuned drumhead is constructed with Remo's Comfort Sound Technology. This type of head have a BIG vibration with a focused, controlled sound that delivers beautiful tone, while remaining accessible for individuals or groups with sound sensitivities or sensory seeking behaviors.

The Rhythm Lid is offered in four different variation, bright, medium, dark, and one head with Comfort Sound Technology. They are designed to fit most 5 gallon U.S. made pails. Applying the drumhead to the pail with a slight downward pressure creates a "Press Fit" seal that produces the quality tonal frequency.
