Description

The Evans Pipe Band PB-SB1A 14" Oversized Marching Snare Head is designed to fit oversized 14" Pipe Band snare drums (Premier). These Heads were Designed with Stephen Creighton and the St. Laurence O'Toole

Pipe Band, new materials were sought out to create a high tension snare head that meets the needs of both the modern snare drummer and the traditionalist.

Pipe band snare drummers require an extremely bright and articulate sound and often have to push their heads to achieve this. With the Evans Pipe Band Snare batter, drummers now have the confidence to push their equipment to achieve the tone and pitch required for a championship winning corps.

PB-SB1A is designed to fit oversized 14"Pipe Band snare drums (Premier) PB-SB1B is designed to fit standard 14"Pipe Band snare drums (Andante, Pearl etc.) "

Proprietary, high tensile fibers provide clear and articulate sound with unmatched durability.

Perfect for both solo and corps applications.

All Evans drum heads are designed, engineered and manufactured in the USA

Available for both standard and oversized Pipe Band snare drums.
