Description

The Dunnett Res-O-Two drum heads are the double ply version of the Res-O-Tone heads. Remo's reputation for quality and consistency in manufacturing two ply heads is evident in the Res-O-Two models which use Remo's clear film over the semi-translucent tympanic film, providing that familiar two ply response but with the added benefit of the extended tensioning latitude and full range, clear and open tonality with the durability of a two ply head.

- Exclusively made for Dunnett by Remo USA
- Uncoated tympani film
- Expanded tension latitude
- Unique semi-transparent finish
- Smart shipping using russian doll stacking and clear bags only
- Made in USA
- In Sizes 8"-18" • 2 Ply (7.50 mil + 7.00 mil) thick
