## Description

The Vic Firth American Classic X5B Hickory Wood Tip Drum Sticks feature an extended length over a normal 5B and a tear drop tip. Slightly larger diameter than a 5A that makes them ideal for playing rock, concert band or for practice.

This version is the X5BPG. A lacquer free stick with special Pure Grit abrasive texture processing. A consistant classic feel that's great for sweaty hands.

The American Classic line combines tradition and Vic Firth style. With bold designs for fuller sound, the Classics are turned from select hickory a dense wood with little flex for a more pronounced sound. Hickory is also capable of withstanding a great deal of shock, making it highly durable. The wood tips are deeply back-cut for intensified cymbal response.

Length = 16.5"

Diameter = .595"
