Description

The Aquarian Response 2 is a two ply head manufactured with Aquarian's multi-ply vacuum molding process that eliminates air bubbles and wrinkles between the two 7 mil plies.

The Response 2 series is their most versatile two ply head and delivers a full sound with great attack and consistent tone from drum to drum.

They can be tensioned tight or loose and have an clean, open sound with good attack. This series works great in all musical situations and are designed for drummers who play it all.
