## Product Images

## Description

The ProMark SPYR SV4R vibe mallets feature a very hard, small oval shaped mallet head wrapped in cord for a bright, articulate sound. These mallets are ideal for use in concert or unamplified settings where you need to project through an ensemble.

- Optimal marimba range: F3 - C7

- 1 1/4" round synthetic rubber mallet head with a 5g internal weight
- Length: 15 3/4"
- All Promark mallets are designed, engineered, and manufactured in the USA
