### Description

The Remo Mondo djembes seamlessly blend the traditional features of one of the most beloved African drums with modern technological advancements and sustainability practices. Drawing from the classic djembe tone and design, enhanced by Remo's innovations, these drums offer a broad tonal spectrum with crystal-clear highs and deep, rich bass tones. Each Mondo djembe uses a Mondo Skyndeeep synthetic head, known for its easy tuning, cleaning, and comfort. The Acousticon shell is crafted from recycled hardwood fibers, ensuring resilience to climatic changes.

#### Key Features:

Full-range tuning delivers rich, warm bass and well-defined slap tones

Acousticon shell paired with a Mondo Skyndeeep drumhead

Suitable for all styles of drumming

Widely recognized as the most user-friendly djembe worldwide

14" Diameter x 25" Tall

Earth Finish
