## Description

The Bongo Cajon is one of Meinl's most popular instruments and with the Make Your Own Bongo Cajon construction kit, you can now build your own. The actual assembly of the bongo cajon is very easy; an enclosed instruction manual will guide you through this fun project step by step. At the end, the finish of the bongo cajon can be customized by adding oil, lacquer, wax or paint which will provide a totally unique and personal design to the instrument. The wood used for the Make Your Own Bongo Cajon Kit is Birch (Betula) which ensures a powerful and warm sound. It comes with all of the parts and a list of the materials and tools needed for assembly. The instruction manual is issued in seven languages (German, English, Spanish, Italian, French, Japanese and Chinese). ; Each Kit Includes: ; 1 x assembly instructions 2 x side panels, long 2 x side panels, short 1 x playing surface (with MEINL logo) 1 x sound chamber partition ; Tools required: ; Wood glue 2 - 4 x screw clamps 250 mm or 2 x belt clamps Square Sandpaper, various grades Sanding block Adhesive tape 2 x assembly blocks, approx. 25 x 25 x 300 mm
