

Remo 18-5043-70 90" Dual Slider Strap For Djembe, Black

Your Price \$46.95
MSRP \$67.20

Product Images

Description

Remo's Dual Slider Percussion Strap features an ergonomic design that comfortably supports your instrument, and places the weight in perfect balance over both shoulders. This allows for immediate adjustment and fluidity, thus providing the ultimate in playing comfort. The 2" nylon webbing and leather cross-member construction create a balanced weight distribution and help to increase comfort when playing a djembe or bass drum.

This small 90" Slider Strap is ideal for all ages and is best suited for drummers 48" to 66" tall. For lightweight hand drums, try a single point connection and for larger, heavier bass drums us a two-point connection.
