## **Description**

The Jarvis 1179-4-1 Chime Frame is the perfect solution to upgrade your current chimes to a field frame. The 1179-4-1 model is meant for chime tubes that are 1.25" in diameter.

This frame features large 8" Ever Roll casters that make moving your chimes around much easier. The new and improved dampening systme also features a lock.

All steel contrctuion with a hard textured catlyzed finish make this frame extremely strong.

Lower cost than manufacturer's replacement stands!

Frame for 1.25" Tubes

Holds up to 12 chimes on front row, 11 on back
