Description

The new Symphonic Signature Series from Vic Firth features products from some of the brightest talents in symphonic music. Ted Atkatz, Principal Percussionist and Assistant Timpanist of the Chicago Symphony Orchestra and Tim Genis, Principal Timpanist of the Boston Symphony Orchestra, share their expertise in the development of three new concert snare sticks.

All made from persimmon, which is known for its density, durability and high impact resistance, these sticks produce a full bodied and slightly darker sound than other wood. The density also gives added power, allowing the player to avoid overplaying.

Tim Genis Leggerio (STG2)- For playing fast musical passages softly. Produces clean double strokes and clear articulation.

L = 16.810
