Description

The Gator Classic GP-PC1406.5SDF 14x6.5" Square Snare Case with Foam is recognized as the industry standard rotationally molded drum case. The rotational molding process gives added strength and durability to case corners and provides water resistance that non-roto cases can't match. These cases come with a limited, lifetime warranty against cracking. The interior of these cases are lined with a ¼" thick foam to provide the ultimate protection.
