Description

The 1SKB-CV22W 22" Rolling Cymbal Vault will hold cymbals up to 22 inches. Roto molded of rugged Linear Low Density Polyethylene with a welded center post, the CV22W Rolling Cymbal Vault holds as many as eight cymbals*, up to 22" in diameter. The 22" Rolling Cymbal Vault was designed with a molded-in ergonomic carrying handle, in-line skate style wheels and an extra strong pull out handle, is the perfect transport for your cymbals. The 22" Rolling Cymbal Vault includes four cymbal pads for protection so the cymbals will travel without rubbing together. Molded with the famous SKB Roto "X" pattern the 22 inch cymbal vault will stack with SKB Roto-X Drum Cases and features a sturdy, high-tension slide release buckle with heavy-duty web straps for easy closure. *Fits traditionally shaped cymbals. China cymbals and flat ride cymbals will not fit.
