Description

The Innovative Percussion She-e Wu WU5C Hard Concerto Marimba Mallets feature plastic cores that create a bright tone quality and are tightly wrapped with durable and organic bamboo yarn. With these cores and wrapping, this model produces a brighter tone over the WU5 model and is great for cutting through ensembles. These mallets are also built on natural birch handles and captures the unique style, sensitivity, and essence of the artist that is She-e Wu.

- Plastic cores to create a bright tone quality
- Hand-selected unfinished natural birch handles
- Tightly wrapped with durable and organic bamboo yarn
- Elongated shaped mallet heads
