Description

The ProMark Performer Series PST1 Soft Timpani Mallets feature a German felt parachute-style covering for a warm, articulate sound on all sides of the mallet. The PST1 provides the softest articulation and maximum

tone. The maple handles are light-weight and well balanced.

Diameter: 0.5 in / 12.7mm

Length: 15 in / 38.1 cm

Handle Material: Maple

Head Material: Felt

Articulation: Soft

The softest of the PST collection, ideal for the softest timpani parts or soft rolls

Maple handle for a forward-balanced mallet

The heads are all wrapped with professional quality felt

Seamless parachute style wrap which offers a consistent playing area around the entire surface of the mallet head

All ProMark drumsticks are designed, engineered, and manufactured in the USA at our Texas facility to the most stringent quality controls in the industry
