## Description

The Protection Racket Series of Hardware Bags are a semi-rigid bag that are made with 600 denier polyester. They also feature internal straps to keep your hardware stable in transport. The rigid handles are also lined with soft neoprene for carrying comfort.

The zippers are a heavy-duty nylon spiral chain that is indestructible plus water and rot proof. The stitching thread that holds it all together is bonded nylon that will not deteriorate.

### Features:

- Wheels and tow handle make life easier.

- Padded top and bottom handles for easier loading/unloading.
- Racketex nylon exterior is waterproof and fade resistant.
- Internal straps keep stands and pedals stable in transit.
- Zippered side pocket for sticks and personal items.
- Luggage tag for easy identification.
