MSRP **\$99.10**

## Product Images

## Description

---

Remo Silentstroke drumheads are single ply mesh drumheads for quiet practice applications. The single ply mesh material features a soft spring like feel at very low decibel levels. Offered in snare, tom and bass sizes, Silentstroke Drumheads provide a unique practice alternative to standard acoustic drum volumes.

The Silentstroke drumheads are available in sizes 8" to 24" that are ideal for silent drumming applications where standard drum-set volumes are an issue
