Description

The Drum Workshop DWCP6500 Flush Base Hi-Hat Stand is sturdy and easy to position. The 6500 hi hat stand features a unique direct-pull rod linkage for smooth effortless action.

Features:

Low-profile and lightweight aluminum Flush Base Design.

Hinged Memory Locks are included at tube joints to guarantee 100% repeatable, precise height settings every time.

Offset Direct Pull Action provides direct pedal-to-hat response. Easily-adjustable knurled metal Spring Tension Adjuster.

DW's patented Delta Ball-Bearing Hinge is a state-of-the-art lightweight aluminum design that incorporates ball bearings at both sides.

The SM379 Locking Clutch comes standard and allows you to dial in closed "sloshyness" and lock it so it doesn't come loose.

Upper Rods come standard in two lengths (21" and 15"), allowing you to customize the Hi-Hat Stand for your specific needs.

Min. playing height: 28" *varies by cymbals

Max. playing height: 35"*varies by cymbals
