

Grover BDM-4A Ultra Staccato Aluminum Handle Bass Drum Mallet, Red

Your Price \$37.00

MSRP \$48.00

Product Images

Description

The Grover BDM-4A Aluminum Handle Ultra Staccato Bass Drum Mallet features a comfortable 5/8-in diameter aluminum shaft with a finish that is easy to grip. The weight of the aluminum handle will add more “punch” to your stroke, while bringing out more bottom end from any size drum.

Solid maple cores are covered with the finest German felt, which is hand-sewn over the core. The oblong heads produce a dense and rich sonority, yet provide focus when needed. Color labeling allows for quick model identification.

The BDM-4A features a red color label that allows for quick model identification.
