Description

The Titan MUFF8 8ft Percussion Rack Field Frame is the workhorse of your pit ensemble. These frames are designed for exceptional strength, durability and flexibility to showcase your auxiliary percussion. This 8' frame folds out with 2, 36" wings that lock in place at 90° for maximum stability. Folds in to 8" for storage and

transportation. Uses 1.5" square percussion clamps.
Titan Field Frames are among the strongest and most rugged frames currently on the market. These frames are designed specifically for touring drum corps and bands that are transporting, competing, and rehearsing on a daily basis.
